- **Mattermost**
<https://joom.la/chat>

The screenshot displays a Mattermost chat window. At the top, there are navigation tabs for 'Joomla', 'Channels', 'Boards', and 'Playbooks'. The main header shows 'Channels' with a search bar and a 'Start call' button. The left sidebar lists various channels under 'joomlacomunity', including 'D-A-CH' which is currently selected. The chat area shows a conversation in the 'D-A-CH' channel. The channel name is 'D-A-CH' with a star icon, and it has 141 members and 3 stars. The conversation includes a message from a user stating 'Fehler betraf nur 4.4-dev, nicht 4.3' (Error affected only 4.4-dev, not 4.3), a system message 'joined the channel.', and a user asking 'In letzter Zeit habe ich vermehrt das Problem, dass sich PDFs und JPGs nicht hochladen lassen. YOOftheme sagt "Not extended", der Joomla Medien-Manager sagt gar nichts, macht aber auch gar nichts. Manchmal hilft ein erneutes Abspeichern der Datei, manchmal nicht. Woran könnte das liegen?' (In recent times I have noticed the problem that PDFs and JPGs do not upload. YOOftheme says "Not extended", the Joomla Media Manager says nothing, but does nothing. Sometimes saving the file again helps, sometimes not. What could be the cause?). Below this message are two image attachments: 'A4B3E79B-15E8-40C7-8D...' (PNG 123KB) and 'D52CEA33-3E6D-43EC-B...' (PNG 338KB). The chat interface also shows a '4 replies' indicator and a 'Follow' button for the message.
